

EDUCATION AND TRAINING IN MAY 2012

Bern University Hospital, Switzerland

Advanced Training Courses in Intensive Care Medicine

CobaSymposium & Workshop 2012

May 09-10, 2012

ICU Management

Course Director: Pascale Gruber

May 11-12, 2012

Haemodynamic Management

Course Director: Maurizio Cecconi

May 11-12, 2012

Chairs:

Marco Maggiorini

Head ESICM Division of Professional Development

Hans U. Rothen

Head ESICM CoBaFaculty

PRELIMINARY PROGRAMME

DAY PLANNING 9-12 MAY, 2012

WEDNESDAY MAY 09	THURSDAY MAY 10	FRIDAY MAY 11	SATURDAY MAY 12
	<p>ATCIC: Management Skills in Intensive Care 08:00-16:00</p>	<p>ATCIC: Haemodynamic Monitoring and Management 09:00-17:00</p>	<p>ATCIC: Haemodynamic Monitoring and Management 08:15-16:00</p>
<p>ATCIC: Management Skills in Intensive Care 11:00-18:30</p>	<p>CoBaFaculty 15:00-18:00</p>	<p>CoBaSymposium & Workshop 09:00-17:00</p>	<p>CoBaSymposium & Workshop 08:15-16:00</p>
		<p>Plenary lecture 17.00-18.30</p>	
	<p>Speakers' Dinner 20:00-23:00</p>	<p>General Dinner 20:00-23:00</p>	

EDUCATION AND TRAINING IN MAY 2012: **PRELIMINARY PROGRAMME**

Advanced Training Courses in Intensive Care Medicine

The following preliminary programme is subject to modification after printing.

COURSE DESCRIPTION:

In this course experts in the field of haemodynamic monitoring will guide the participants through the understanding of the cardiovascular physiology and of the haemodynamic monitoring and management of intensive care patients. Participants will be given a manual weeks before the course, during the course core lectures will be given and participants will be able to interact with the trainers to clarify any doubts they may have. A high level of interaction will be guaranteed also through small groups rotations and case based discussions focusing on specific aspects of haemodynamics.

HAEMODYNAMIC MANAGEMENT
FRIDAY MAY 12, 2012
Registration
Course Overview
Cardiovascular Physiology: A Refresher Lecture
Haemodynamic Instability: How to Recognise It
Case Based Discussion
Lunch
Filling Pressures and Flow (PAC)
Less Invasive Technologies: An Overview
The Right Tool for the Right Patient: Cased Based Discussion
Coffee Break
Optimising Flow and Oxygen Delivery: The Evidence
Vasoactive Drugs
Workshop: How to Give a Fluid Challenge
SATURDAY MAY 12, 2012
Evaluating Adequacy of Perfusion
Fluid Responsiveness
Ask the Experts. Open Questions to the Speakers
Coffee Break
Case Based Discussion: Rotations in 4 Groups
Optimising the Septic Patient
Optimising the High-Risk Surgical Patient
Management of Acute Heart Failure
The trauma Patient with Cardiac Problems
Post Course MCQ Test
