Summer Conference

PRELIMINARY PROGRAMME

Trauma Update 2012

24-25 May 2012 London, United Kingdom

PRELIMINARY PROGRAMME

Trauma Update 2012

LEARNING OBJECTIVES

Trauma Update 2012 will provide up to date approaches on how to build a state of the art trauma and critical care response network that can effectively deal with unplanned sudden surges in activity; and the latest strategies in the management of trauma patients requiring critical care support. This summer conference will specifically equip you with skills to manage a complex trauma victim at the scene, demonstrate how to best transport them and reveal how to manage patients with major organ injury damage and massive transfusion). The key controversies (including

The following preliminary programme is subject to modification after printing.

cardiovascular, respiratory and neurological) will be illustrated through case studies. Communicating changes in practice is essential to effective trauma care. It is our hope that you will find the conference intellectually challenging and professionally rewarding.

CONTINUING MEDICAL EDUCATION/EACCME

This Summer Conference will be accredited by the European Accreditation Council for Continuing Medical Education (EACCME) as a CME activity for medical specialists.

THURSDAY 24-05-2012
