Department of Anesthesiology and Critical Care Medicine, Aix Marseille University, North Hospital, Assistance Publique - Hôpitaux de Marseille, Marseille, France

Pr. Marc Leone, born in 1968 is professor of Anesthesiology and Critical Care Medicine at Aix Marseille University and anesthesiologist in the Department of Department of Anesthesiology and Critical Care Medicine at the Nord University Hospital in Marseille. He trained as resident and fellow in Aix Marseille University. Specialist in intensive care medicine, he spent one year at the Washington University of Saint Louis MO. He obtained his PhD degree (sex and infection) at the Aix Marseille University in 2008. He is the present chair of the department of Anesthesiology and Critical Care Medicine of his hospital. His clinical duty in the intensive care unit. His expertise field includes sepsis and trauma in the critically ill patient. He works with different laboratories in the field of sepsis.

Marc Leone has signed around 255 publications including major journals, book chapters, guidelines. He edited 4 books. He assumes the board member of the French Society of Anesthesiology and Critical Care Medicine. He is involved in the European Society of Anesthesiology and the European Society of Intensive Care Medicine.

Marc Leone would be eager to provide help for European mentees. He can participate to the writing to a clinical or laboratory protocol, give advice on the implementation of a protocol at the bedside, accompany mentees in the result analysis and paper editing. Meeting can be organized no a regular basis using communication application software. Visitations at Marseilles are also possible. That would be a pleasure to share good time with a mentee!!
