

Join Our Interactive Lunch Symposium

Hemodynamic management in critically ill patients –
The power of combinations

Are you ready to step into the new decade of monitoring?
Join our interactive Lunch Symposium and discuss with four experts how the combination of advanced hemodynamic and tissue oximetry monitoring will impact your patient care!

ESICM 2020 Congress

December 7th 2020
12:30 - 13:30 CET

Virtual ESICM 2020

Moderator

Professor Thomas W.L. Scheeren
Groningen, The Netherlands

The role of flow and pressure management on the ICU

Professor Franco Valenza
Milan, Italy

How will tissue oxygenation in combination with hemodynamic monitoring drive your treatment in the non-cardiac patient population ?

Professor Cathy de Deyne
Genk, Belgium

How will predictive monitoring impact our clinical practice ?

Professor Michael Sander
Giessen, Germany
