

# Managing critically ill patients with secondary infections in the current environment

Tuesday 8 December, 2020  
12:30–13:30 CET

Don't forget to join this ESICM 2020 virtual symposium!

The expert faculty will discuss the challenges associated with secondary infections in the ICU – particularly during the COVID-19 pandemic – and answer your questions at the end.

## AGENDA

- 12:30–12:40 » Introduction and current ICU environment considerations  
10 mins  
*Souha Kanj (Chair), Lebanon*
- 12:40–13:00 » Tackling the threat of MDR Gram-negative infections in the ICU  
20 mins  
*Alex Soriano, Spain*
- 13:00–13:20 » Necessary steps in the ICU to suspect, diagnose and treat invasive mould infections  
20 mins  
*Malgorzata Mikulska, Italy*
- 13:20–13:30 » Q&A  
10 mins  
*All*

We look forward to seeing you there!
