3. Creation

Section Project Groups should be cross-sectional - where one Section may take the lead and a proposal should be made to the Chairperson of the lead Section, supported by a minimum of 5 ESICM Ordinary and International members, who are willing to join the SPG. This proposal will then be presented to the Section members. The Section will then decide during the next Section meeting.

After approval by the Sections, the name(s) of the SPG and the aim of the project(s) will be submitted to the ESICM Congress Committee and communicated to the ESICM Secretariat.

Section Project Groups should include a representative from more than one of the Society's Sections, to ensure adequate coordination of activities and dissemination of knowledge in these Sections.

Each SPG will nominate (in case of one candidate) or elect (in case of more candidates) a Head. The term of the SPG is two years, renewable once where further time is needed to complete the project.

4. Duties

- It is the duty of the SPGs to help the Chair of the Section to maintain an appropriate body of abstract reviewers for the ESICM Annual Congresses.
- Each SPG may propose, each year, thematic sessions for the annual congress, derived from their specific work.
- SPGs may request a meeting room during the annual congress and during other meetings where ESICM meetings take place. The results of these SPG meetings have to be reported formally to the Section within two weeks.
- SPGs do not represent their parent Sections.

5. Reporting relationships

The Head of the SPG will report on the project group's activities each year during the Section's meetings to the Section Members.

4. Dismissal / Replacement of ESICM Officers

- If an ESICM Officer is unable to fulfil his position he/she should inform the ESICM President.
- In cases where this is not possible or not carried out, the ESICM President decides about the further procedure.
- Failure of meeting attendance.

Failure of any elected member (Executive Committee, Council member, Section Chair or Deputy Chair or Sub Committee member) to attend two consecutive meetings should be notified to the President by the Chair of this meeting.

The elected member and President will need to discuss attendance and agree on a plan. Failure to attend three consecutive meetings will result in automatic removal from office, unless either prior agreement has been obtained by the elected member from the President, or if circumstances are agreed by both the Chair and the President to be entirely out of the control of the elected member.

In any case

- The ESICM President may nominate another ESICM officer to temporarily replace the dismissed officer
- The Executive Committee must be informed about this decision
- Within a period of 14 days, it must be decided by majority vote within the Executive Committee if:
 - The designated person holds this position until the next scheduled elections for this position or
 - If the vacant position needs to be officially announced and another officer has to be elected as soon as possible. In this case, elections immediately follow the decision.

At the end of an officer's mandate, if, in the event that no candidate has come forward who is willing to stand for election, and a vacancy still remains for a position, a provisional officer/designated person, can be invited to stay on for an interim period of a maximum of one year to assist the Committee. This person would not assume a (formal/official) role on the Council.

5. Proceeding of Elections and Nominations

5.1. General Rules

- Candidates for elected or nominated positions must be ICU professionals working in Europe, with the exception of the Chair of the Global IC Group and the Representatives of non-European Countries in Council, who devote the majority of their clinical, research and educational time to intensive care medicine.
- Candidates for elected or nominated positions are expected to read and to accept both the prerequisites to stand and the job descriptions
- Candidates for elected or nominated positions should have filled in and signed the ESICM Conflict of Interest Form
- Candidates for both nomination and election have a duty to serve the interest of ESICM and therefore must respect a framework of principles and rules that govern their conduct with regard to ethics and integrity. They are expected to sign the ESICM Code of Conduct AND the specific Code of Conduct for ESICM Elections when standing for an elected position.
- To apply to an elected position, candidates cannot place themselves under any obligation or time constraint to any international organisation which might affect their ability to act impartially and objectively as ESICM Officers in the best interest of ESICM members, as long as the ESICM mandate or election period is running
- Candidates for elected position commit to devoting the necessary time to the organisation and smooth running of tasks within the Committee or Section they apply for.
- All elected officers can hold positions once, with the exception of the ICM & ICMx Editors-in-chief
- All nominated positions will be for two years, renewable once.
- No one who has already held two different elected positions in the Executive Committee can stand for further election within 6 years from the end of their last mandate, with the exception of the Presidency
- No one who has already held an elected position in the Executive Committee can apply for any elected position outside of the Executive Committee.
- The ballot shall be open only if there are two or more candidates for an elected office.
- The EC is responsible for monitoring the elections process to guarantee diversity and inclusiveness among all candidates.
The EC can extend the candidature period if the diversity and inclusiveness are not reflected in the current applications. Examples of this, but not limited to, are situations in which there is only one candidate for several elected positions. If no eligible candidate stands, the Executive Committee will nominate a member from the (Sub-)Committee ad interim until a candidate comes up.

The Executive Committee shall review the application criteria and decide upon the eligibility of each candidate.

5.2. General Procedures (e-voting)

- Elections are processed online via the ESICM website using a secure and confidential electronic voting system.
- Members of the Society have to use their ESICM web account for login and voting.
- The Executive Committee decides the timing of elections
- The ESICM Secretariat will send one e-blast (only) that will include a link per candidate to a standardised document containing each candidate's presentations. This e-blast will be sent the day before the ballot opens. Only the ESICM central office will be authorised to disseminate the candidates' manifestos.
- Mandates are handed over at the General Assembly (GA) at the annual congress in the Autumn.
- In order to vote, or to stand as a candidate, the membership fee for the current year must have been paid before the deadline:
 - For candidates: before the end of the call period
 - For voters: before the ballot starts.
- Deadlines may be changed by the decision of the Executive Committee.

5.3. Election process

Dates for the election

- The dates of the election are suggested by the ESICM Secretary and are decided on by the Executive Committee.
- For given reasons (e.g. holiday, office problems, extension of the call for candidates, etc.) the ESICM Secretary can change the dates. In this case, the Executive Committee must be informed.

Call for candidates

- The call for candidates is announced through the ESICM Membership Department at the request of the ESICM Secretary.

- All ESICM members (paid or unpaid membership fee for the current year) have to receive an email that gives the following information:
 - Open positions
 - Job descriptions, including prerequisites to stand as a candidate.
 - Application form
 - Deadline for the submission of candidates' proposals
 - The call for candidates will last 15 calendar days.
- If, after the first call of candidates, one or more positions remain open, the call might be extended by the ESICM Secretary. The EC can extend the candidature period if the diversity and inclusiveness are not reflected in the current applications. Examples of this, but not limited to, are situations in which there is only one candidate for some elected positions or when one gender is overly represented. If no eligible candidate stands, the Executive Committee will nominate a member from the (Sub-)Committee ad interim until a candidate comes up.

Shortlisting of candidates

- After the deadline has ended, the ESICM Membership Department checks the list for eligibility and reports to the ESICM Secretary
- The ESICM Secretary informs the Executive Committee about the candidates and suggests which candidates are eligible.
- The members of the Executive Committee make the final decision on which candidates are eligible.

Presentation of candidates

- Accepted candidates will be listed on the Election page of the ESICM website, together with their applications.
- All candidates standing for election are requested to sign the Code of Conduct before their candidature's validation.
- These candidates have the right to provide additional material in the form of a computer file. This file will be accessible for ESICM members together with the application form, for download and information.
- The presentation of candidates should be ready latest for the opening of the ballot.
- Current members of the Executive Committee should not campaign on behalf of the Executive Committee for any candidate standing for election for Executive Committee positions. Personal voting intentions should not be conveyed using ESICM channels. Negative references to any candidate will not be tolerated.

Ballot

- The ballot starts after the above-mentioned steps have been achieved
- The ballot shall be open only if there are two or more candidates for an elected office, and if all the candidates meet the diversity and inclusiveness criteria
- The duration of the ballot can vary, depending on the election but should last five calendar days and leave enough time so that all members who can vote for a given ballot have the possibility to do so.

Presentation as a Candidate

- Potential candidates must fill in the Application form and send it to the office prior to the set deadline.
- Candidates are expected to read and accept both the prerequisites to stand and the job descriptions.
- In order to stand, the candidates must pay their membership fee for the current year before submission of the proposal. A member can only apply and stand for one open position.

Results

- After the ballot closes, the ESICM Membership staff member reports on the results to the ESICM Secretary.
- The ESICM Secretary reports on the results to the Executive Committee.
- The Executive Committee has to approve the results by decision.
- After the Executive Committee has approved the results, they have to be published on the ESICM website.
- Voting members must be informed about the availability of the results.

5.4. Hand-over of mandates

Background

The European Society has various positions to cover where Officers are elected from the Membership. The mandate for these positions is two years, not renewable.

The transition between the different mandate holders must occur smoothly so that the Society will operate on the highest possible level. To ease the hand-over process, the incoming elected person will be appointed at the General Assembly before the end of the term of the outgoing officer. They will act as officers-elect (OE) before automatically becoming the officer in place.

Candidates can only apply for one position in the Society. It is not possible to hold two simultaneous positions within the Society.

To apply for a new position within the Society, candidates must complete their current term of office at the next ordinary General Assembly.

Resignation for any reason before completion of a mandate does not permit the person to apply for a new position before the theoretical end of the mandate.

If candidates have not concluded twelve months of their mandate, they are not eligible to apply for a new position within the Society and stand for election.

If successfully elected for a new position, it is assumed that candidates should stand down from their previous position at the General Assembly.

Rights and Duties of Officers-Elect (OE)

- The OE have the right to participate in any meetings of their specific committee which occur in the transition period.
- The OE have the right and the duty to ask and to obtain specific information, necessary for the processing of their mandate. They should thus be added to the mailing list of their specific committee. This right is valid for the whole of the transition period.
- OEs are allowed to participate in ongoing discussions and to express their opinions during the transition period.
- OEs are not allowed to deliver any formal vote.
- For positions in EC, the OE will be invited to the EC meetings as an observer three months before the beginning of the mandate.

Rights and Duties of Incumbent Post-holder

- Outgoing mandate holders have the duty to support their successors during the transition period.
- Outgoing mandate holders have the duty to include the “OE” in all discussions relating to their mandate in the transition period.
- For positions within the Executive Committee, a personal meeting between the old and the new mandate holder is recommended, if suitable.

Mediation

- In case of any conflicts between the incumbent and the succeeding office holder, the Secretary of the Society should be informed.
- The Secretary is then responsible for the arbitration and mediation between the two post holders. If necessary, he/she can involve other Executive Committee members in this process.
- In case of a difference between the old and the new Secretary of the Society, the President is the responsible mediating body.

The ESICM Executive Committee has decided to reduce the impact of the travel and accommodation costs on the finances of the Society. The following rules are valid for AUTHORISED travellers who travel on behalf of ESICM, authorised in advance by the Chief Executive Officer /Treasurer. This is travel at the request of the Executive Committee members, to the Brussels Office, or any other place, including the ESICM Officers.

Eligible for reimbursement by ESICM are:

- Flight costs (economy class)
- Train costs (economy class)
- Car costs (current official Belgian rate of the year)
- Taxi service costs exclusively from home-airport-home and from airport-hotel-airport for an acceptable amount. Long drive costs must be part of the travel costs.
- Taxi costs home-airport-home can be replaced by private car parking costs at the airport at reasonable tariffs
- Accommodation at an acceptable, reasonable rate, bed and breakfast only
- Lunches or dinners, only if related to ESICM business.
- Internet connection if related to ESICM business
- Telephone costs if related to ESICM business.
- Original receipts should be submitted.

Not eligible for reimbursement by ESICM are

- All other costs like bar, mini-bar, lunches or dinners not related to ESICM business.
- The ESICM will only reimburse direct work-related expenses on trips abroad, other expenses are not eligible.

Maximum reimbursable amounts:

The following flight rates are maxima in Euros. Reimbursement will be made based on the real costs paid.

<i>Region</i>	<i>Euro</i>
Europe and Mediterranean Area	600
USA and Central America	900
Canada	900
Israel and non-European Mediterranean Countries	700
Australia and Asia	1400
South America and Central and Sub-Saharan Africa	1200

The Executive Committee and the Chief Executive Officer may use business class for long haul flights (transatlantic flights and those of six or more hours). If ESICM officers are travelling on behalf of the ESICM and in the interest of the Society, they should have the prior approval of the Chief Executive Officer and Treasurer for using business class.

If, because of extenuating circumstances, the present guidelines are not adequate to cover an individual's expenses (in case they go over the present maximum), they should send a written request to the Treasurer explaining why they should be allowed to exceed the set ESICM limits and the Treasurer will accept or reject, the request. A possible example might be an ESICM meeting set up at short notice when an economy fare could not be obtained for less than 500 Euros

Methods

- The form must be sent to the Brussels Office Accounting Department by regular post, with the original proofs, receipts and boarding passes attached, within two months after the event. All non-eligible amounts will be deducted.
