

The Intensive Connection

Anaesthesia and Perioperative Care e-Master Class Programme (December 9-10, 2021)

Day 1, December 9, 2021

Morning session

09:00	Introduction	<i>A Feldheiser</i>
09:20	What is Perioperative Medicine? <i>Open debate</i>	<i>B Bollen Pinto & A Feldheiser</i>
09:45	Perioperative pathophysiology <i>White Board lecture followed by an open debate</i>	<i>A Feldheiser & M Greco</i>
10:30	BREAK	
10:40	Introduction to the complication theatre	<i>B Bollen Pinto</i>
10:50	Rotation 1	
	Cardiovascular (CV)	<i>V Bennett, M Greco</i>
	Respiratory (R)	<i>A de Jong, G Grasselli</i>
	Brain (Br)	<i>B Weiss, F Yürek</i>
	Kidney (K)	<i>M Bernardi, B Bollen Pinto</i>
11:30	ROTATION BREAK	
11:35	Rotation 2	
	Cardiovascular (CV)	<i>V Bennett, M Greco</i>
	Respiratory (R)	<i>A de Jong, G Grasselli</i>
	Brain (Br)	<i>B Weiss, F Yürek</i>
	Kidney (K)	<i>M Bernardi, B Bollen Pinto</i>
12:15	Return to main room	
12:20	Multi-professional communication in difficult situations <i>Discussion rounds of clinical situations</i>	<i>C van den Berg, MM Van Mol</i>
13:10	END MORNING SESSION	
	LUNCH	

Master Class endorsed by the Anaesthesia and Perioperative Care Section,

ESICM

The Intensive Connection

Day 1, December 9, 2021

Afternoon session

- 14:00 Welcome back *A Feldheiser*
- 14:05 Rotation 3
- | | |
|---------------------|-----------------------------------|
| Cardiovascular (CV) | <i>V Bennett, M Greco</i> |
| Respiratory (R) | <i>A de Jong, G Grasselli</i> |
| Brain (Br) | <i>B Weiss, F Yürek</i> |
| Kidney (K) | <i>M Bernardi, B Bollen Pinto</i> |
- 14:45 ROTATION BREAK
- 14:50 Rotation 4
- | | |
|---------------------|-----------------------------------|
| Cardiovascular (CV) | <i>V Bennett, M Greco</i> |
| Respiratory (R) | <i>A de Jong, G Grasselli</i> |
| Brain (Br) | <i>B Weiss, F Yürek</i> |
| Kidney (K) | <i>M Bernardi, B Bollen Pinto</i> |
- 15:30 Return to main room
- 15:35 Preoperative assessment, why and which tools
Short presentation followed by a round table discussion round
B Bollen Pinto & M Bernardi
- 16:20 BREAK
- 16:30 What matters to a surgeon, key interdisciplinary issues *O Ljunqvist*
Interview with an expert/Interviewer: *B Bollen Pinto*
- 17:15 Perioperative Resources
Does Every High-Risk Surgical Patient (HRSP) Need to Come to the ICU?
Expert led PROs & CONs group activity and open debate *A Feldheiser & M Chew*
- 18:00 END DAY 1

Master Class endorsed by the Anaesthesia and Perioperative Care Section,

ESICM

The Intensive Connection

Anaesthesia and Perioperative Care e- Master Class Programme (December 9-10, 2021)

Day 2, December 10, 2021

Morning session

- 09:00 Welcome *A Feldheiser*
Recap Day 1 including Wrap up Rotations Day 1 followed by /Introduction to Day 2
- 09:20 Implementing a Perioperative Pathway for HRSPs *B Bollen Pinto, B Walder*
Stepwise approach for patient flow management including pre, peri and postoperative care, best and worst models, barriers and interventions/Moderator: A Feldheiser
- 10:20 Workshops Introduction *B Bollen Pinto*
- 10:30 Rotation 1
- Monitoring to assess the haemodynamic status and guide fluid therapy
A Feldheiser, M Greco
 - Interactions of fluids and catecholamines and how to handle postoperative catecholamine requirements
V Bennett, S Treskatsch
 - What can I do to avoid respiratory complications and re-intubation?
I Neto Silva, A de Jong
 - How to monitor the brain and protect it by monitoring and interventions
J Berger-Estilita, F Yürek
- 11:10 ROTATION BREAK
- 11:25 Rotation 2
- Monitoring to assess the haemodynamic status and guide fluid therapy
A Feldheiser, M Greco
 - Interactions of fluids and catecholamines and how to handle postoperative catecholamine requirements
V Bennett, S Treskatsch
 - What can I do to avoid respiratory complications and re-intubation?
I Neto Silva, A de Jong
 - How to monitor the brain and protect it by monitoring and interventions
J Berger-Estilita, F Yürek
- 12:05 Return to main room
- 12:10 Open panel discussion round *All faculty led by B Bollen Pinto & A Feldheiser*
All you wanted to ask
- 13:00 END MORNING SESSION
- LUNCH

Master Class endorsed by the Anaesthesia and Perioperative Care Section,

ESICM

The Intensive Connection

Day 2, December 10, 2021

Afternoon session

- 14:00 Welcome back *A Feldheiser*
- 14:05 Rotation 3
- Monitoring to assess the haemodynamic status and guide fluid therapy
A Feldheiser, M Greco
 - Interactions of fluids and catecholamines and how to handle postoperative catecholamine requirements
V Bennett, S Treskatsch
 - What can I do to avoid respiratory complications and re-intubation?
I Neto Silva, A de Jong
 - How to monitor the brain and protect it by monitoring and interventions
J Berger-Estilita, F Yürek
- 14:45 ROTATION BREAK
- 14:50 Rotation 4
- Monitoring to assess the haemodynamic status and guide fluid therapy
A Feldheiser, M Greco
 - Interactions of fluids and catecholamines and how to handle postoperative catecholamine requirements
V Bennett, S Treskatsch
 - What can I do to avoid respiratory complications and re-intubation?
I Neto Silva, A de Jong
 - How to monitor the brain and protect it by monitoring and interventions
J Berger-Estilita, F Yürek
- 15:30 BREAK
- 15:45 Data is the key to improve your programme *M Scott, B Geerts*
Interview with experts/ Interviewer: *A Feldheiser*
- 16:45 Q&A
Wrap up and Good-bye *A Feldheiser, B Bollen Pinto*
- 17:00 END DAY 2

Master Class endorsed by the Anaesthesia and Perioperative Care Section,

ESICM
