Comments

2018 Established a researcher award. European Society for Intensive Care Medicine (ESICM).

Details on your candidature

Dublin, September 2022.

My dear colleagues,

My name is Ignacio Martin-Loeches (PhD, JFICMI) and I'm a Consultant in Intensive Care Medicine, Professor & Research Director of the Multidisciplinary Intensive Care Research Organization (MICRO) at St James's Hospital and Trinity College. Currently, I am a steering committee member of the Surviving Sepsis Campaign and Chair of the European Network for ICU-related Respiratory Infections under the European Respiratory Society.

I am passionate about research, and I have participated in many research activities in the ESICM as a principal investigator and collaborator. ESICM awarded me the status of established researcher in 2018 and I participated as a deputy in the Sepsis section of the ESICM Research Committee as an executive member.

The impact factor of my papers is 76 (Google scholar), and I have published over 400 papers with over 20,000 citations.

Please vote for me to be elected to the research committee to promote research within ESICM. Counting on all of you and supporting emerging researchers is one of my main goals. In addition, I propose a multidisciplinary approach involving different sections and scientific societies.

I hope to have your support and be elected.

Best wishes and thanks for reading !

Ignacio
