UMHATEM "Pirogov", Sofia	Central ICU	Head of ICU		

## Professional Bodies Appointments

## Comments

## Details on your candidature

For almost 24 years I have been active mostly in the field of intensive care medicine in one of the busiest emergency and trauma centers in Sofia, Bulgaria. During this time my professional interests led me through different fields of our fascinating specialty: mechanical ventilatory support and its discontinuation (publications and my PhD thesis); invasive hemodynamic monitoring; ICU echography and echocardiography (multiple courses and EDEC diploma); continuous renal replacement; prevention and treatment of

nosocomial infections (multiple courses and publications); organ donation and transplantation (SeeLife project jointly with DTI/TPM/ Barcelona university) etc. I have participated in multiple local educational projects mostly directed at medical students, trainees and specialist doctors in emergency medicine (incl. joint Bg–EU PULLS CME project) and anesthesiology/intensive care.

I consider the educational and scientific activities of ESICM been formative for me and would be honored to represent Bulgaria in the society. As such I would do my best to integrate my colleagues to the ESICM family.

## Financial interests

### Description

No current

In the past I have completed paid consultancy work for: Pfizer Bulgaria, Baxter Bulgaria, MSD Bulgaria and Sobi Bulgaria.
