Details on your candidature

Dear Members of the Candidature Committee,

I am writing to express my enthusiastic interest in the position of Member Council for Portugal within the European Society of Intensive Care Medicine (ESICM). With a committed background in intensive care medicine and a strong dedication to advancing critical care practices, I am eager to contribute to the growth and development of ESICM's initiatives in Portugal and across Europe.

Throughout my career, I have been dedicated to providing high-quality care to critically ill patients and to promoting innovative approaches in intensive care. My experience includes working in reputable intensive care units, participating in research endeavors, and actively engaging in interdisciplinary collaboration. I firmly believe that active involvement in ESICM will enable me to help foster an environment of excellence, knowledge exchange, and continuous improvement within our community.

As a candidate for the Member Council, I am motivated by the desire to improve patient outcomes, support education and training initiatives, and advocate for policies that enhance critical care standards. I am particularly interested in strengthening ties between Portuguese intensivists and the wider European network, facilitating knowledge transfer, and promoting research collaborations that can positively impact our practice.

My skills in leadership, communication, and strategic planning, combined with my passion for critical care medicine, will enable me to serve effectively on the council. I am committed to representing Portugal's critical care community, ensuring our needs and perspectives are acknowledged and integrated into ESICM's broader mission.

Thank you for considering my application. I look forward to the opportunity to contribute to ESICM and to work collaboratively with colleagues dedicated to advancing intensive care medicine across Europe.
