Details on your candidature

I have worked as a full-time medical intensivist in the Medical ICU at Henri Mondor Hospital in Créteil, France since 2010 and was fully certified in this role in 2012. I have held the position of Associate Professor since 2014 and Full Professor since 2019. I have been a member of the French Intensive Care Society since 2010 and the European Society of Intensive Care Medicine (ESICM) since 2014. My research interests focus on respiratory viral infections, acute respiratory failure, skin and soft tissue infections, and rare skin diseases.

I am the author or co-author of over 300 articles referenced on PubMed.

I teach medical ICU to second- and third-year medical students, as well as postgraduate courses, for around 50 hours per year.

It would be a great honour to represent France on the ESICM Council, and I am eager to play an active role in the society in the coming years. As an active intensivist, I will strive to enhance the renowned educational and research dynamic of the ESICM. hours per year. I will do my best to promote ESICM in France and will take part to the two yearly Council meetings. I have the support of Prof Elie Azoulay for this position.

I hope my candidacy will be retained.

Sincerely yours,

Nicolas de Prost

Financial interests
