Details on your candidature

Bio-profile:

I am a highly experienced intensivist and internist with over a decade of clinical practice following completion of a residency in Internal Medicine. I formerly served as the Head of the Department of Critical Care (30 bedded mixed ICU) and Medicine at PARAS Hospital in Gurgaon, Delhi NCR, India. I stepped down from this position due to personal reasons (divorce) and set to join a new healthcare institution shortly.

Dr. Tapesb Bansal received his foundational medical education from the All India Institute of Medical Sciences (AIIMS), New Delhi—India's premier medical institute. I am the proud Co Chairman of the International Fluid Academy (IFA) India chapter, having earned a Golden Badge and recently organized a collaborative online webinar between the INDIA,TURKEY,EGYPT branches of the society

Notable Milestones in Career:

Recipient of the prestigious ISCCM Chairman's Award, the highest honor in Indian critical care medicine awarded by the Indian Society of Critical Care Medicine.

Initiator and lead organizer of the National Critical Care Virology Conference; the second edition of this conference was recognized as one of the best critical care event in India.

Secured 2nd Rank nationwide in the All India Medical College MBBS Entrance Exam (AIIMS)

Served as thesis co guide for Neurology Ph D candidate

Faculty at various conferences

Awarded the National Talent Search Examination (NTSE) scholarship in Class 10 By Govt of India

I am also the founder of Young India Intensivist, a free, non-profit #FOAMed educational initiative hosted on YouTube. Since 2021, have organized over 300 educational webinars and podcasts in critical care, featuring prominent national and international faculty including ESICM faculty & Harvard and reaching a global audience. The webinars are highly appreciated with a live audience of > 500 .The platform has attracted over 375,000 followers. YouTube handle is @youngindiaintensivist7709.

I am currently writing /compiling 4 books in different formats in INTENSIVE CARE which would come out over the next 6 months to 3 years

I look forward to conducting basic research in the near future ,a n area which has remained unexplored so far due to various reasons

Thus I brings expertise in:

Medical education and e-learning

Conference and academic event leadership & organization

Strategic engagement and outreach with various societies , training bodies and global expert faculty

Social media expertise

With the above experience I will be able to help liasoning between ESICM and my country , help in EDIC exams organization, promote recruitment of new members into ESICM ,propose fresh innovative ideas especially in the area of e learning and medical education I shall attend dutifully the committee meetings of the society and contribute to policy ratification

I am committed to strengthening ESICM's footprint in India and beyond and take it to greater heights
