

Neuro Ultrasound in Stroke Care Symposium

Preliminary Program (Draft)

June 5, 2026 | 8:00–11:00 AM EST | Virtual

8:00 – 8:05 AM

Welcome and Opening Remarks

Yasaman Pirahanchi, MD, MS, Harvard Medical School, & Aarti Sarwal, MD Virginia Commonwealth University Medical school

8:05 – 8:20 AM

Reza Bavarsad, MD, UC San Diego Medical School

Neuro-Ultrasound in Acute Stroke Triage and Early Decision-Making

8:20 – 8:35 AM

Ryan Hakimi, MD, Prisma Health

Point-of-Care Ultrasound in Neurocritical Care: Practical Applications

8:35 – 8:50 AM

Andrea Berardino, MD, Ospedale Policlinico San Martino Università degli Studi di Torino. Genoa, Liguria, Italy.

Ultrasound for Hemodynamic Monitoring in Acute Ischemic Stroke

8:50 – 9:05 AM

Hesham Masoud, MD, State university of New York Medical School

Advanced Neurosonology Techniques in Stroke Diagnosis

9:05 – 9:20 AM

Latisha Sharma, MD, UC Los Angeles Medical School

Cerebral Blood Flow Monitoring and Clinical Integration in Stroke Care

9:20 – 9:30 AM

Break

9:30 – 9:45 AM

Marcelo Rocha, MD , University of Pittsburgh

Emerging Applications of Neuro-Ultrasound in Stroke Systems of Care

9:45 – 10:00 AM

David Liebeskind, MD, University of Southern California medical school

Collateral Circulation Assessment and Imaging in Acute Stroke

10:00 – 10:40 AM

Panel Discussion: Advancing Neuro-Ultrasound in Stroke Systems of Care

All Speakers

10:40 – 11:00 AM

Case-Based Discussion / Q&A

All Speakers
